

# FUNCTIONAL Anatomy & Physiology: Advanced Biomechanics

✦ Explore how organs, structure and emotions all relate and what effect they have on each other.

✦ Teach your eyes to see the body as one system made up of many systems and how they all relate.

✦ Feel what functional movement is all about and how it helps to free what "holds" the body.

✦ Learn to assess and see the intrinsic ricochet through a dysfunctional system or causality of a biomechanical injury.

**36 Hours**  
**Sat, Sun;**  
**May 21, 22;**  
**Jun 4, 5, 18, 19**

10am-5pm  
Tuition: **\$848**

**Save 10%** when paid in full four weeks in advance

**Larry Munn** MDiv, CMT

is a graduate of Alive and Well! with a private practice in San Rafael and Berkeley. He combines NeuroMuscular Reprogramming® with various soft and deep tissue release protocols to help his clients achieve structural integration and well being. Larry brings a gentleness, maturity, and dedication to his teaching and clinic supervision that gains him rave reviews from all who work with him.
